

CHIGO Klima Uređaj Moon 12k, Inverter, R32, WI-FI (CS-35V3G-1K268AH8A-W3)

Šifra proizvoda: 2216
Proizvođač: CHIGO

51 000 RSD

Neto cena: 42 500 RSD

Opis proizvoda

Klima Uređaj Moon 12k, Inverter, R32, WI-FI (CS-35V3G-1K268AH8A-W3) (CHIGO)

Garancija 2+3 godine!

Inverter tehnologija. Gas R32. Energetska klasa **A+++**

Napajanje sa spoljašnje jedinice (napojni kabal NIJE uključen u cenu)

Ugrađen grejač

Bakarne cevi 3m (GRATIS)

Izmenjivač toplote sa tehnologijom zlatnih rebara

Funkcija samo-čišćenja

Panel 268 Beli

WI-FI funkcija

Deklaracija

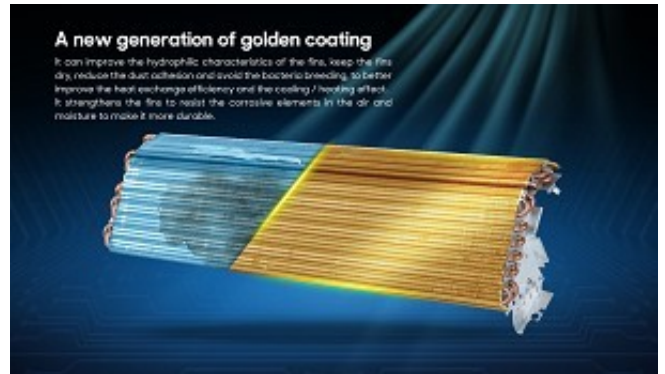

- **Naziv proizvođača:** Chigo i Congo
- **Bruto težina:** 35 kg
- **Marka proizvoda:** CHIGO

WiFi control

Connect the air conditioner through WiFi and remotely control the air conditioner with the smart device such as mobile phone of anytime and any place.

A new generation of golden coating

It can improve the hydrophilic characteristics of the fins, keep the fins dry, reduce the dirt accumulation and avoid the bacteria breeding, so better improve the heat exchange efficiency and the cooling / heating effect. It strengthens the fins to resist the corrosive elements in the air and moisture to make it more durable.

Fast cooling

The 3DC automatically runs at high frequency after starting, and reaches the setting temperature with the fastest cooling speed, achieving 30 seconds of fast cooling.

**3D DC inverter
high efficiency and energy saving**

By combining the high-efficiency DC inverter compressor and indoor fan motor DC motor with the fanless control system, comprehensively enhance the air conditioning performance and achieve the real-time adjustment of fan motor speed and voltage and flow according to the changing environment, making the 3DC the most energy-saving and efficient air conditioning technology.
